

RE TURNIT + GROUP

Re TurnIT+ is a versatile recycling module that can be mounted independently, against a wall, or grouped in threes. The openable lids come in several variants. The unit is assembled with a base plate and a top plate. Choose from adjustable feet or lockable wheels for mobility. Optionally, a top plate with a plant box is available for adding greenery.

PRESCRIBED TEXT

Re TurnIT+
Recycling module in sheet steel painted with a fine structure that is mounted free-standing, against a wall or in groups of three. Colors: RAL8022 black brown, RAL 9001 cream white, RAL 7002 grey green and RAL 7043 grey blue.
