

ADDON CEILING

The AddOn Ceiling is a profile system designed for T-24 grids. With just a few clicks, an indiscrete ceiling is transformed into an interior design feature that elevates the entire room. The system is compatible with all standard T-24 grids, both new and existing, and can be easily combined with Tiles EcoSund® or Tiles Nova for a unified color scheme. It's available in six muted hues as standard. For custom colors, please request a quote. Designed by o4i Designstudio.

PRESCRIBED TEXT

Profile system for T24 suspension grid consisting of cross tee 1200 mm, cross tee 600 mm, corner rosette, center rosette, and three-way rosette.

Available colors: RAL1035, RAL7031, RAL7033, RAL7045, RAL9003, RAL9005, copper, brass.
