

COBOGO/DIVIDO RAIL AND ACCESSORIES

Rail set for the Cobogo screening panel that makes it possible to move or push aside the screening. The rail is available in black and white and is 2 m long. The set contains 1 white/black powder-coated aluminum rail, 2 end caps in white/black plastic,
5 slides with hook (white/black plastic, metal), 1 swivel stop with hook (white/black plastic, metal) and 2 metal roof fittings. The rail is mounted either directly on the ceiling or with cable suspension. If a longer rail than 2 m is desired, joint fittings can be purchased as well as extra rails.

PRESCRIBED TEXT

Cobogo Rail set with 2 m aluminum rail in black or white powder coating for Cobogo screens. 2 brackets/wire suspension per rail. Maximum load 2,5 kg/rail.
