

SKIFT SLED PLUS

A frame chair in a compact design. Seat and backrest are separate, which gives freedom to choose materials. The distance between seat and backrest provides an open design and practical cleaning. All upholstered details have a frame made of environmentally friendly moulded wood, which provides a long service life. The armrests are high enough for maximum comfort but low enough to be able to slide the chair under most table tops.

Base in metal with slades.

Seat and back in polstered moulded wood.
Upholstery in our wide range of fabric or leather.
Base in metal, black.
