

SKIFT WHEEL 5

Skift Wheel 5 – a frame chair in a compact design. Seat and backrest are separate, which gives freedom to choose materials. The distance between seat and backrest provides an open design and practical cleaning. All upholstered details have a frame made of environmentally friendly molded wood, which provides a long service life. The armrests are high enough for maximum comfort but low enough to be able to slide the chair under most table tops.

Seat and back in polstered moulded wood.
Upholstery in our wide range of fabric or leather.
Black base in metal, with five legs and wheels.
