

SKIFT PLUS WOOD

A frame chair in a compact design. Seat and backrest are separate, which gives freedom to choose materials. The distance between seat and backrest provides an open design and practical cleaning. All upholstered details have a frame made of environmentally friendly molded wood, which provides a long service life. The armrests are high enough for maximum comfort but low enough to be able to slide the chair under most table tops.

Wooden base with four legs.

Massive legs in birch or ash. Optional in oak or black/white stained ash.
Skift Plus Wood in Oak is also available with seat height 500 mm.
Optional removable seat fabric covers.

Seat and back in polstered moulded wood.
Upholstery in our wide range of fabric or leather.
Base in wood, birch, ash or oak.
Optional black or white stained ash.
