

FLORA PANEL 1

Create a plant wall with the Flora panel, designed to match the size of several of our other wall panels. It features a dense arrangement of various artificial plants, creating the beautiful illusion of a green oasis. The lifelike plants are low-maintenance and make an ideal decoration for large walls.

Flora panel is available in three variations, each with a unique plant composition. All panels are framed with a sleek black wooden frame.

PRESCRIBED TEXT
